

Literacy

In literacy, we will be taking part in the Young Enterprises Fiver Challenge. Throughout this project we will write letters to help fund your ideas. We will also be

writing business plans and creating persuasive marketing campaigns to hopefully make as much profit as we possibly can.

Maths

In maths this half term we will be looking thinking about decimals and money to help us create business projections for our business plans.

Will work with data when thinking about collecting market research and presenting the information in a variety of ways.

Science

Electricity is our topic this half-term in which will be studying circuits and how voltage affects brightness. Also we will be carrying out a number of

investigations around out business ideas and creating circuits to draw attention to ourselves.

Computing

In computing this half-term we will be using Pro-Create software on the iPads to create our business logos and our marketing adverts.

Humanities

Thinking about our local area we will be saying good bye to our school and looking closely at how the local area has changed over the years.

The Big Question

What does it take to be successful?

RSHE

In RSHE this half term we will be thinking about our transition to secondary school and thinking about the changing relationships and what we need to do to be successful.

Art and DT

We are going to be focusing on creating a model of our school using cardboard and Papier Mache. We will think about proportions and scale to ensure that our school is accurately represented. After this we will be looking and textures when painting and thinking about different materials we can use.

PE

In PE this half-term we will be taking part in golf with a professional golf coach Ivan Oliver.

We are also very lucky to have an ECB cricket coach in school to help improve our batting, bowling and fielding skills.

Music

In music this half-term we will be work on our year 6 performance and preparing ourselves for a vocal performance.

RE

In RE this half-term we will be looking at what religions say when times get hard. We will also be looking at the different religious beliefs towards xenotransplantation
